

PETITION TO STOP HERITAGE/DOHERTY ROAD EXTENSION

We, the undersigned, are concerned citizens who urge our City Council to act now in stopping the Heritage/Doherty Road Extension. The extension would affect endangered wildlife, vintage trees, safety of children and families, housing values, low crime rate, and would cause additional traffic along Heritage Oaks Boulevard, as well as within our gated communities. Additionally, the extension of Doherty Road will only add to the traffic congestion that is currently experienced by other neighborhoods that exit onto Henry Avenue.
